

## Getting Stated with Galaxy

1. Prior to workshop, please create a Galaxy Account here: <https://usegalaxy.eu>

2. Then, click the register link towards the bottom of the login dialog box

3. Fill out the registration form and click 'Create'. Afterwards, verify you can login to Galaxy.

**BONUS:** View the short 6 minute video [“A short introduction to Galaxy”](#) to familiarize yourself with platform.

Galaxy is a widely used platform for bioinformatics analysis, many training modules have been developed that are freely accessible from their main website: <https://training.galaxyproject.org/training-material/>
